How are we intending to collect emails & produce index of withheld documents under this FOIA? Are we still able to create a LotusNotes database for this purpose? Or has that capability gone away and been replaced with something else? Thx.

Tom:

Please note the response from the enforcement team working on the Madison Kipp matter.

Sharon will have to obtain an extension and let the FOIA requestor know that there will be a partial denial on the request for documents.

We will need an extension on this. We have a lot of records to review and while many of them may be released, numerous will likely be FOIA exempt due to our ongoing action in the MKC matter. Accordingly, It will be a partial denial.

Hi Mardi

The attached foia request is looking for records relating to the investigation and remediation of PCB's on and around Madison Kipp site. Located in Madison, Wisconsin.

If let me know if you have any releasable records.
